Growth

Although as college students we may appear to be fully grown human beings, we realize our growing has just begun.

We, the staff of the 1982 Montage, recognize the importance of growth — not only for individual students, but also for faculty, administration, and the institution itself.

Thus, we have chosen our theme for this year's publication — growth. Our greatest hope is that when 1982 is but a memory, our theme may remain a lifetime theme for you and for the institution which brought us together.

From The Staff:

This publication of the 1982 Montage was a real experience of growth. We started from scratch - with a new staff, new advisor and lots of new ideas. We learned from our mistakes and through our successes. We put ourselves to the test and saw the project through. Now we present to you the result of our efforts - your 1982 Montage.

To Our Friends

You can measure the true worth of individuals by their willingness to share their knowledge with others. The Montage staff was fortunate to have very special friends who were always willing to lend a helping hand and tons of moral support.

A Message From The President

WILLIAMSPORT
AREA
COMMUNITY
COLLEGE

1005 West Third Street • Williamsport, Pennsylvania 17701-5799 • (717) 326-3761

Dear Graduate,

Few of us are ever content to remain the same. Day to day, year after year, we seem always to seek a way to better ourselves, a way to grow. Thus, creating this yearbook around a theme of growth seems most appropriate.

Out of a desire for growth and improvement came the need for higher education. Colleges and universities were created to serve as a means through which students' personal and career goals may be realized.

We at The Williamsport Area Community College are proud you chose our institution as a means of seeking out your goals. But, as you are now realizing, we were only a means, not an end, to the fulfillment of those goals. Your growth process is by no means complete.

The goals we have set for our institution and our wish for your future are one and the same -- not only to survive, to grow; not only to grow, to thrive.

Sincerely,

Robert L. Breuder
President

Robert L. Breuder, Ph. D.

Dr. Homisak Retires

For any institution to progress, it needs capable, hard-working people behind it. The Williamsport Area Community College is fortunate to have had such a person in Dr. William Homisak.

Dr. Homisak retired on June 30, 1982, from his position as executive director of The Williamsport Area Community College Foundation. The Foundation has been in existence only since 1981, but Dr. Homisak had been with institution since its founding.

He began working on the W.A.C.C. campus in December, 1949, when it was still The Williamsport High School. Dr. Homisak was instrumental in the development of a community college system of Pennsylvania and in the creation of The Williamsport Area Community College.

As executive director of The W.A.C.C. Foundation and in his earlier position as Assistant to the President, Dr. Homisak, for many years, has been the "eyes and ears" of the college administration - a liason to business and industry and other individuals who provided much-needed support to the institution through its growing years.

Works

We believe in people - in their dignity, in their worth at individuals, and in their capacity to develop their abilities to the fullest potential. We believe that people who perform competently and who find meaning in their work will be healthier and happier people, and the organizations in which they work and the communities in which they live will benefit. We believe in an integrated approach to learning where education and the world of work function in a cooperative atmosphere. We believe that by assisting the individual in discovering, preparing for, developing and maintaining a career, we are also developing the community.

Ah! Happy Years! Once More Who Would Not Be A Boy.

Byron

Nature, before it has been touched by man, is almost always beautiful, strong, and cheerful in man's eyes; but nature, when he has once given it his culture and then forsakes it, has usually an air of sorrow and helplessness. He has made it live the more by laying his hand upon it, and touching it with his life. It has come to relish of his humanity, and it is so flavored with his thoughts, and ordered and permeated by his spirit, that if the stimulus of his presence is withdrawn it cannot for a long while do without him, and live for itself as fully and as well as it did before.

1981 · A Year Of Growth

1981-1982

Lifestyle

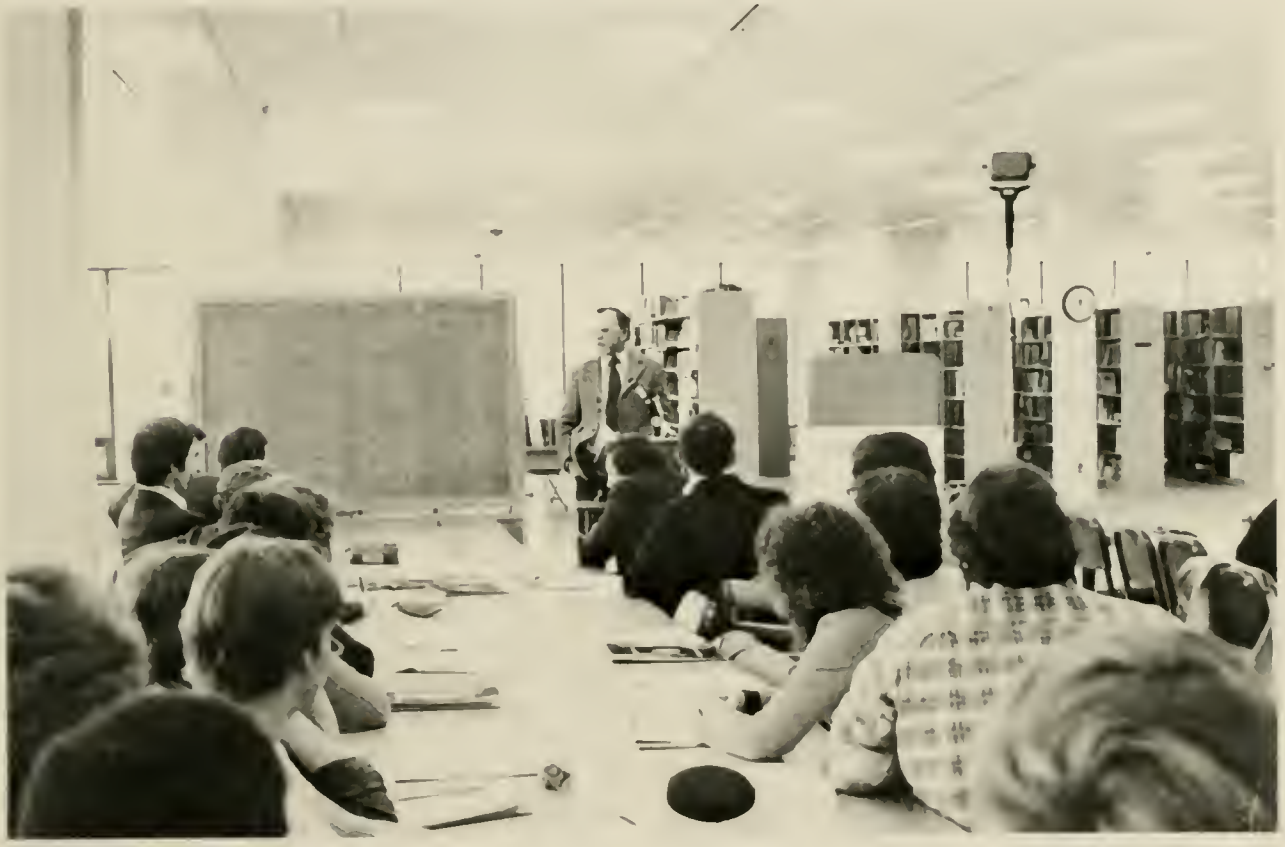
As much as we might have liked to, we could not possibly record every minute of every day of the 1981-82 college year. Instead, we've chosen what we felt were highlights of the year and featured these events and times in the 1982 Montage.

We've highlighted the top campus newsmakers - such as the financial aid fiasco and fires which involved W.A.C.C. students. We've featured events - such as Bloodmobiles, student activities and commencement. And, we've even included the weather. After all, who could forget the long, long winter of 1981-82 and the well-awaited spring which followed. All of these, and more, were part of our lifestyle in 1981-82.

The Montage Staff

Financial Aid Woes

Reaganomics hit the W.A.C.C. campus early in 1982 when financial aid cuts were announced. The reductions in student aid made it apparent that students with family incomes of over $14,000 could find themselves with no financial aid for 1982-1983.



"It looks pretty grim," Acting Director of Financial Aid, G. Robert Converse, told students, counselors and administrators from W.A.C.C. and other area educational institutions at an emergency financial aid strategy session held on campus in February.

Students Homeless After March Fire

An early morning fire at 815 West Third Street on Thursday, March 4, 1982, left 10 W.A.C.C. students homeless. Fortunately, no one was injured in the blaze. The Red Cross and the student body at W.A.C.C. came to the aid of those 10 students who not only lost their homes, but also all their belongings.

Three W.A.C.C. Students Save Elderly Man In September Fire

Three W.A.C.C. students proved their courage on Sept. 10, 1981 when they entered a burning house to save the life of a neighbor. The three, Mark Davis, a S&O student from Warsaw, Peter DePrater, electrical construction student from St. Marys, and John P. Stalford, construction carpentry student from Newton Square saved the life of 71-year old Earl Shnyder.

At left, Mark Davis, Below, left to right, John Stalford and Peter DePrater.

Bloodmobile

Students Support Red Cross Sponsor Four Bloodmobile Visits

"The residents of this area really appreciate what the students do." These were the words of Mrs. Ellen Arnold, blood service coordinator for the Red Cross, expressing her thanks to W.A.C.C. students for their continuous involvement with Red Cross Bloodmobiles.

The Red Cross Bloodmobile visits have become a tradition at the College. Students have become accustomed to seeing the Red Cross van parked in front of the Bardo Gym, which is converted from a physical education facility into what resembles a huge infirmary.

This year, Bloodmobile visits were held in October and March and mini-visits were also held at the Earth Science campus on two separate occasions. In the four visits, a total of 1071 pints of blood was collected.

BLOODMOBILE
INTERNATIONAL

We Want Your Blood!

W.A.C.C. Woodsmen

One fall day, Forest Technician Assn. members took to the woods . . . well, actually they took to the Klump Academic Center lawn . . . to compete in a woodsmen's competition. The event was a real attention getter, and even caught the attention of WDAU-TV which made the event part of their evening news broadcast.

Fall Events

Fall Events

Fall Events

Mud Wrestling

Question: If you take Bardo Gym, add a pit of mud and a group of lovely young ladies - what do you get?

Answer: One of the year's most successful student events - mud wrestling.

Students packed into Bardo Gym to watch the Chicago Knockers, a group of professional lady mud wrestlers who entertained as part of Fall Events '81.

If this crowd loves wrestling so much · where are they all during W.A.C.C. wrestling matches?

Or, could it be more than the sport that attracted this crowd?

W.A.C.C. Gets "Demented"

Enthusiastic crowds, of over 1000 people, attended two shows by the zany L.A.-based disc jockey, Dr. Demento on Nov. 5, 1981. The nationally-known radio personality also took time out in the afternoon to speak to Broadcasting students before his evening performances at the College.

SGA Vice President Orey Hansen shows off his Dr. Demento momento.

Many of us relate our college days with the music we listened to during those times.

1981-82 music ranged from punk rock to country and folk music. W.A.C.C. performances by folksinger Patti Kissinger and the Gas House Gang proved the diversity of musical tastes.

Spring '82

Rejuvenation!

In The Spring A Man's Thoughts Turn To . . .

Women's Week

Women in the Arts was the focus of this year's weeklong Women's Week. Women's Week has become an annual series of workshops and events dedicated to the celebration of "womanhood". Among the special presentations during this year's series, which ran from March 8-12, were Women and Music, with Betsy Rose and Cathy Winter, at right, and Women in Folk Art, with the Log Cabin Quilters from Troy, below.

Education That Works

Open House '82

Parents, friends, future students and the community at large got an opportunity to see "how we work" at The Williamsport Area Community College during Open House on Sunday, March 14. Students and guests spent the day visiting all three of the College's campuses - the central campus in Williamsport, the Earth Science campus at Allenwood and the Aviation Center adjacent to the Williamsport-Lycoming County Airport in Montoursville. W.A.C.C. students had the chance to show their parents and friends their particular program areas, high school students and others considering admission to the College visited the Admissions Office and Financial Aid Office for much-needed information and everyone enjoyed a special displays and activities, not to mention delicious food served in the Klump Academic Center cafeteria.

Circle K

Service Organization

Undoubtedly, one of the finest organizations on campus is the Circle K Club. Circle K is a service organization - the college-level affiliate of the national Kiwanis organization.

We had hoped to use a photo of the entire club membership in The Montage, but technical difficulties made this impossible. So, instead we chose this photo, on loan from The SPOTLIGHT, which shows the club at its best as Circle K President James Matthews (center), and Vice President Scott Younkin (left) accept a certificate of appreciation from Gary R. Myers, treasurer of the Northcentral Pennsylvania Chapter of Multiple Sclerosis Society for efforts of the club on behalf of the MS Society.

Men's Basketball

The men's basketball team, under Coach Larry Manikowski and Assistant Coach Lou Menago, had a successful 1981-82 season. Teamwork paid off for the Wildcats who placed in the first round of the Eastern Pennsylvania Community College Athletic Conference tournament at the end of the regular season. Congratulations to the coaches and the team for a fine showing.

Wrestling

It was a disappointing season for the W.A.C.C. wrestlers who finished with a 2-5 record. Coach Max Wasson had only four returnees from last year's squad. Despite their record, the wrestlers consistently put forth a real effort to do well. Coach Wasson announced his resignation at the end of the season.

Women's Basketball

This year's team was under the direction of a new coach - Jeanine McFadden. Although the team had a winless season, the women gave it everything they had and never gave up hope. Coach McFadden is looking forward to improving the team's record next season.

Cross Country

Coach David Houseknecht had three returnees on this year's cross country team. The team worked hard and showed real team spirit. Coach Houseknecht resigned at the end of the 1981-82 season and was presented with a plaque by his team at the annual Student Recognition Banquet. Congratulations to the coach and the team for a job well done.

Field Hockey

Despite the winless season of the field hockey team, the women worked well as a team and never gave up the battle. There were six returnees from the 1980-81 team. Goalie Kathy Foreman earned recognition as the first goalie in the league to stop 100 goals in a single season. Coach Marti Bryant resigned at the close of the 1981-82 season. In appreciation of her time and effort, team members presented Coach Bryant with a clock at the Student Recognition Banquet.

54

Recognition Banquet

April 21, 1982

Among any group of people, there are those who stand out in the crowd. W.A.C.C. students are no exception. Each spring, these students are honored for their efforts and service to the College. The following pages are dedicated to those "stand-out" students.

Curricula

To see a world in a grain of sand
And a heaven in a wild flower,
Hold infinity in the palm of your hand
And eternity in an hour.

To See A World In A Grain Of Sand
William Blake
